Lai līgo lepna dziesma
tev, brīvā Latvija!
Kā sauli uzlecošu
sirds tevi sveicina.

Tu pērle, iznirusi
iz dziļmju pusnaktīm;
kā pērli tevi dārgu
mēs sirdī glabāsim.

Tu puķe, kuŗai plaucis
simtgadiem lolots zieds,
kas tautas ilgām sildīts
un tautas as' rām liets.

Tu zvaigzne, kas pie debess
sāk atspīdēt tik nu,
kaut seno zvaigžņu pulkā
no vecākajām tu.

Tu pavasaŗa straume,
kas smejojot cauri tiek
caur vecā sniega blāķiem,
ko ziema ceļā liek.

Lai līgo lepna dziesma
tev, brīvā Latvija!
Audz liela, skaista, spoŗa
kā saule lecoŗa!

Let this proud song ring out
to you, free Latvia!
My heart hails you
as a rising sun.

You are a pearl that has emerged
from the darkest depths;
like precious pearl we shall keep you
safe within our hearts.

You are a freshly opened flower,
cherished for centuries,
warmed by the nation's longing
and watered by the nation's tears.

You are a star that has only now
begun to shine in the heavens,
even though you are among the oldest
in the multitude of ancient stars.

You are a rushing stream in spring
that laughs as it breaks through
the mounds of old snow
that winter has placed in its way.

Let this proud song ring out
to you, free Latvia!
May you grow great, beautiful
and radiant like the rising sun!
